Carlisle SynTec Systems Names Tri-Star Roofing & Sheet Metal, LLC to 2018 Perfection Council

(CARLISLE, PENNSYLVANIA) – Carlisle SynTec Systems, a leading manufacturer of single-ply roofing materials, has named Tri-Star Roofing & Sheet Metal, LLC to its 2018 Perfection Council. Selected because of their history of flawless roof installations and excellent warranty claim performance, Tri-Star Roofing & Sheet Metal, LLC is one of only 35 contractors in North America who were invited to sit on Carlisle's 2018 Perfection Council.

As a Council member, Tri-Star Roofing & Sheet Metal, LLC will serve on an advisory board that helps Carlisle determine how to best support its contractors throughout the upcoming year.

"It's a pleasure to recognize contractors whose highest priority is providing exceptional workmanship on every roofing project," said Mike DuCharme, Carlisle's Vice President of Marketing. "Because Tri-Star Roofing & Sheet Metal, LLC shares Carlisle's commitment to excellence, their input is invaluable in improving contractor support programs," DuCharme continued.

To qualify for Carlisle's Perfection Council, contractors must complete a minimum amount of warranted work and number of jobs per year. Council members are then selected based on installation quality, warranty claim performance, and commitment to ongoing training.

About Carlisle SynTec Systems: Carlisle SynTec Systems, headquartered in Carlisle, Pa., has been manufacturing single-ply membrane roofing systems for more than half a century. Carlisle SynTec Systems is a business segment of Carlisle Construction Materials, LLC, and has manufacturing facilities in Carlisle, Pa., Greenville, Ill., Senatobia, Miss., and Tooele, Utah.
